Program Description

Our program offers you the opportunity to work at the biggest kindergarten in the Maldives. Even though this kindergarten is operated by a private organization under the permission of the government, it provides free education for some underprivileged students. The kindergarten has 34 classes in total and approx. 850 students. You can contribute to the wellbeing of these little kids by teaching them English and by improving their communication and creative skills. Since Friday is an official holiday for Maldivians, on Fridays you will be working at the beach by actively taking part in cleaning the beach. This is necessary due to the increasing pollution taking place at the beach due to high tourist activity.
