# Suphan Buri

Thailand

Experience and live in the jungle for a week. You will walk in national parks through caves and the jungle to see some amazing scenery. Your location for the night will be under the stars or in a tent, next to beautiful waterfalls, lakes and Thai wildlife. At the end of the week you will spend one night in a hotel with free Wi-Fi, hot showers, AC and a swimming pool.

## **Accommodation & Food**

### **About the Accommodation**

You will spend every night in the jungle where we will be sleeping in our tents, except for the last night where we will stay in a nice hotel. We'll be sleeping in different locations through the trek, one of which is next to a lake where you can take a refreshing swim after a hot day in the sun. There may not always be electricity at the campgrounds.

### **Food Arrangements**

On our first day we will stop at the department store to purchase food supplies that we will need for the week. All meals are included but we will cook together at the different camp sites every day. We may also eat at a few restaurants and markets through the week, where typical thai food will be served.

## **Facilities**

Along the route - but not at all times - there are markets and small stores. Please make sure you have enough money with you before starting the trip, there are no ATMs close by except for the first day.

## **Mandatory Orientation Day**

At this location there is no mandatory orientation day offered.

## **Activities & Events**

No scheduled activities outside the program.

## Sights & Surroundings

In your free time you can search for some of the thai animals like deers and bulls, take a swim in the lake, listen to the birds singing, or why not make a bonfire and enjoy the stars by night.
