📍 Cape Verde - Tarrafal

Get involved in renovating local village schools and help the students have better learning conditions.

This project supports schools in and around Tarrafal by restoring and renovating their infrastructure in order to create better learning conditions for the students. We also help the schools by providing learning facilities where and when needed. The projects include renovating libraries, playgrounds and anything that might need a helping hand at the time!

Community Engagement

Physical Demand

## Program Description

Through participating in this social project, you will make a difference to the local community by supporting the students at these schools.

Your work may involve tasks where you will be able to help to create a positive learning environment in the school. The project involves hard physical and manual labour, as you will be laying bricks, doing carpentry, painting, laying tiles, and landscaping/gardening. We may also involve in renovating buildings, painting, repairing the furniture, fixing equipment and so on.

The other side of this project involves a more artistic and relaxed environment. You may also get a chance to use your creative ideas to beautify the school surroundings. You will work alongside a local coordinator who provides guidance. This activity is fun, and we support the initiative and creativeness during the process.

## Program Duration & Availability

**Min duration (weeks):** 1

## Aims & Objectives

Our objective is to make a difference by helping the locals schools in and around Tarrafal by improving the learning conditions and facilities.

## Schedule

### Monday to Friday

Every morning after having breakfast, you will plan the project you will be engaged in, with the coordinator. Then you will set out to the project location to engage in your daily tasks.

You will be working alongside other participants and you will be guided by our coordinator throughout your time at the project.

**This schedule can be changed and/or amended depending on weather conditions, local conditions and unforeseen circumstances.**
