Program Description

This program consists of two parts: A unique cultural experience where you can learn firsthand about the local people and an opportunity for teaching students within the community. Your presence will allow an exchange of ideas and all involved will enjoy the benefit of seeing a wider world.

You will explore historical sites that are significant to this ancient village, visit attractive scenic spots here and experience the intricacies of life of Meimei Village life. What you can expect to gain is are one-of-a-kind memories over the course of your stay.

The children will all be excited to meet you and exceptionally welcoming. This will be due in part to the genuine friendliness of the local people, but also because of the fact that you will be one of the very few foreigners they have ever met! Simply by getting them enthused about coming to school and giving them some very basic English phrases (such as simple greetings), you may well have sown the seeds of a lifelong learning habit for them.
