📍 Mauritius - Le Morne

Help the community construction and renovation efforts we undertake in Mauritius and help make a difference in the lives of the local community.

Amidst the breathtakingly beautiful location, you will be rewarded for having contributed to an effort which will provide many benefits for these communities even after you leave this country. Your assistance will ensure speedy development and construction of local facilities for the underprivileged local communities.

Community Engagement

Physical Demand

## Program Description

This is an ideal project for those who want to work at the grass-root level within a community and 'getting their hands dirty' for a much-needed facility for Le Morne. Your first project would be constructing a public daycare center for toddlers. Artistic talent with brush & colors, design-oriented thinking can be challenged with functional additions that increase the cognitive & perceptual functions in the playroom, removing outer layers of paint for a new coat, a small little garden could light up the daycare center, animal & marine wildlife depictions, design & art from various sources, carpentry, polishing are a few of many avenues through which you can help the communities.

## Program Duration & Availability

**Min duration (weeks):** 1

## Aims & Objectives

To support the local communities by engaging in construction and renovation activities which would aid them to improve their living standards.

## Schedule

### Monday to Friday

- Working with the local foreman and Le Morne community to renovate an unused house for the community daycare center.
- Stripping the older paint layers and breathing in a fresh perspective with paint & brushes.
- Painting animals, trees and designs from the surroundings that will conjure up the curiosity of the toddlers in the rooms.
- Using Carpentry that can create a safe structure to nurture a creative playtime for the toddlers as well as providing an element of physical development.
- Creation of a small garden in the gardens of the daycare center that will usher colors.
- Masonry & bricklaying under the local foreman.
- Tiling and waterproofing of the daycare center.
- Creation of storage and enclosed spaces for keeping the items required in the daycare center.

**This schedule can be changed and/or amended depending on weather conditions, local conditions and unforeseen circumstances.**
